

Job description

Service and Installation

Job Summary

If you're an enthusiastic and confident individual who is looking for an opportunity to launch a career with a window and siding replacement company! We are seeking top notch people with a passion for great customer service and a drive to perform excellent window installations.

Job Responsibilities

As a Service Rep and Installer, you will: perform the highest quality work, maintain a clean and safe work environment. You will also be directly involved with our customers, so you must work to exceed their expectations daily. You must also have the necessary skills to train and guide the installers working under you.

Job Requirements

As a installation specialist, you must have a positive attitude; a high-energy level; excellent interpersonal and verbal communication skills; and be willing to be coached and trained. You must be punctual, professional, easygoing, and results-oriented, and you must be able to think of creative ways to solve problems when they arise.

Additional requirements of a Window and Door installer include:

- A minimum of 2 years of replacement window experience.
- Valid driver's license and reliable transportation to work
- Ability to work 8 hours or more per day
- Ability to work a flexible schedule, including weekends
- Demonstrated an ability to problem solve and think on your feet
- Ability to manage your time to achieve project objectives
